Re: Exemption No. 4296G for FAR 91.9(A)

Dear Sir:

Everts Air Fuel wishes to petition to extend its present Exemption No. 4296, granting relief from the requirements of FAR 91.31(a) for aircraft N4390F and N451CE.

We request this exemption based on the ongoing requirements of our business of supplying isolated villages by the only means of transportation available in the State of Alaska. The reasons and facts as described in our previous request, which resulted in the granting of Exemption No. 4296 remain unchanged.

Everts Air Fuel has demonstrated it has successfully met the requirements of the exemption without incident.

In considering the foregoing, we request that a grant of exemption is in the public interest and therefore grant Exemption No. 4296, which includes Douglas DC-6 N4390F and N451CE.

Sincerely,
